The Three Step Process: Disaster Loans

About Disaster Loans

The U. S. Small Business Administration (SBA) provides low-interest, long-term disaster loans to businesses of all sizes, private non-profit organizations, homeowners, and renters to repair or replace uninsured/underinsured disaster damaged property. SBA disaster loans offer an affordable way for individuals and businesses to recover from declared disasters.

STEP 1: Apply for Loan

- Apply: 1) online; 2) in-person at a disaster center; or 3) by mail.
- Apply online at the SBA's secure website disasterloan.sba.gov/ela.
- As a business of any size, you may borrow up to \$2 million for physical damage.
- As a small business, small agricultural cooperative, small business engaged in aquaculture, or private non-profit organization you may borrow up to \$2 million for Economic Injury.
- As a small business, you may apply for a maximum business loan (physical and EIDL) of \$2 million.
- As a homeowner you may borrow up to \$200,000 to repair/replace your disaster damaged primary residence.
- As a homeowner or renter, you may borrow up to \$40,000 to repair/replace damaged personal property.

STEP 2: Property Verified and Loan Processing Decision Made

- SBA **reviews your credit** before conducting an inspection to verify your losses.
- An SBA verifier will **estimate** the total physical loss to your disaster damaged property.
- A loan officer will determine your **eligibility** during processing, after reviewing any insurance or other recoveries. SBA can make a loan while your insurance recovery is pending.
- A loan officer works with you to provide all the necessary information needed to reach a loan determination. Our goal is to arrive at a decision on your application within 2 - 3 weeks.
- A loan officer will contact you to discuss the loan recommendation and your next steps. You will also be advised in writing of all loan decisions.

STEP 3: Loan Closed and Funds Disbursed

- SBA will prepare and send your Loan Closing Documents to you for your signature.
- Once we receive your signed Loan Closing Documents, an initial disbursement will be made to you within 5 days:
 - Physical damage:
 - \$25,000
 - Economic injury (working capital):
 - \$25,000 (In addition to the Physical damage disbursement)
- A case manager will be assigned to work with you to help you meet all loan conditions. They will also schedule subsequent disbursements until you receive the full loan amount.
- Your loan may be adjusted after closing due to your changing circumstances, such as increasing the loan for unexpected repair costs or reducing the loan due to additional insurance proceeds.

Disaster Loan Assistance

Economic Injury Disaster Loans

If you have suffered substantial economic injury and are one of the following types of businesses located in a declared disaster area, you may be eligible for an SBA Economic Injury Disaster Loan (EIDL):

- Small Business
- Small agricultural cooperative
- Most private nonprofit organizations

Loan Amounts and Use

Substantial economic injury means the business is unable to meet its obligations and to pay its ordinary and necessary operating expenses. EIDLs provide the necessary working capital to help small businesses survive until normal operations resume after a disaster.

The SBA can provide up to \$2 million to help meet financial obligations and operating expenses that could have been met had the disaster not occurred. Your loan amount will be based on your actual economic injury and your company's financial needs, regardless of whether the business suffered any property damage.

Eligibility and Terms

The interest rate on EIDLs will not exceed 4 percent per year. The term of these loans will not exceed 30 years. The repayment term will be determined by your ability to repay the loan.

EIDL assistance is available only to small businesses when SBA determines they are unable to obtain credit elsewhere.

A business may qualify for both an EIDL and a physical disaster loan. The maximum combined loan amount is \$2 million.
